

HARDWOOD LUMBER YARDS DWINDLED WITHOUT TRANSIT

Traffic Association Fighting for Restoration of Privilege of Yarding on Through Rate.

How Memphis once had 31 wholesale hardwood lumber yards and lost 20 many of them through the action of the yarding transit privilege, that today there are only four, is the subject of a hearing before the Federal Reserve Board of the Federal Reserve Bank of St. Louis, which is being held at the Hotel Gaylord before Examiner Graham of Washington, representing the Federal Reserve Board, on Tuesday morning. The suit of the Hardwood Traffic Association on behalf of its Memphis members is against Walker H. Hines, director-general of the United States railroad administration, and the railroad companies under his control, Judge R. V. Fletcher, of Chicago, counsel for the Federal Reserve Bank, and the defendants at the hearing. The demand of the plaintiffs is that the privilege be restored to the hardwood lumber yards in Memphis, and that the privilege be restored to the hardwood lumber yards in Memphis, and that the privilege be restored to the hardwood lumber yards in Memphis.

Mr. Stark said Tuesday morning in an interview that Memphis demands the same basis of lumber yarding in transit enjoyed by such points as Port Wayne, Detroit, Cleveland, Buffalo, Toledo, and Pittsburgh. He said that Memphis is as much or more entitled to the privilege as any of these points. Mr. Stark said, "For it is the logical and natural point of distribution for the Southern hardwood territory. Lumber from the small mills has to be concentrated at some central point for rehandling, and it is certainly logical that the concentration from mills in the Memphis territory should take place in Memphis rather than in some Northern or Eastern point. Memphis is entitled to her fair share of this business."

Mr. Stark explained that the dealers in lumber often buy the cuts of a number of small mills and that they have to have some place to concentrate their purchases for rehandling purposes. Much of this lumber is shipped from the small mills in mixed grades and species and in that shape cannot be resold by the buyer. The failure to extend this yarding privilege to Memphis serves to retard production of hardwood lumber in the territory. Mr. Stark said that the hardwood wholesalers from buying in this territory. The wholesalers, in general, demand a more accurate point for rehandling of lumber than this territory can now offer.

CITY MAY REGULATE PUBLIC DANCE HALLS

What is known as the dance hall ordinance was passed on Tuesday by the city commission. In a general way it gives the police jurisdiction over all public dance halls, defines such places of amusement and is intended particularly for the protection of women and young girls and young people who attend such public dances. If Commissioner Edgar appoints women as later as police officers, a part of their duties will be to inspect such places and see that moral conditions are such as to protect all who attend them.

CORINTH PASTOR QUILTS.
CORINTH, Miss., Jan. 27.—Rev. C. E. Clarkson, pastor of St. Paul's Episcopal church, announced today that he had quit his position as pastor of the church and expected to take effect on Feb. 1. This step was taken by the pastor, he stated, on account of the fact that his health has not been good since coming here.

GYM CLASSES OFF.
All gym classes at the Y M C A. have been discontinued during the influenza period of the influenza situation. It was announced Tuesday.

Americans Buy Rich Palaces

BUDAPEST, Jan. 27.—Hungarian palaces and estates, worth before the war were valued at from \$200,000 to \$2,000,000, are being purchased by Americans, Englishmen and Frenchmen for comparatively insignificant sums. In some cases magnificent properties have brought only from \$2,000 to \$10,000. Dollars are now quoted at from 20 to 30 times their pre-war value, and those who have sold their property believe the exchange situation will be adjusted in a short time and that they will profit handsomely from the deal they have made.

COL. HARRY ANDERSON'S BOOM FOR GOVERNOR GETS A START

The Colonel Rehearses Campaign Speech to Fourteen Other Members of Committee, Presided Over by Col. Tom Taylor, of Mississippi, Tennessee and Missouri.

Col. Harry B. Anderson's boom for the Republican nomination for governor of Tennessee was launched late Monday afternoon, amid great enthusiasm by the section of the Republican Shelby county committee which split from the regular organization four years ago. It must be admitted that the boom started under more or less inauspicious circumstances, although the colonel himself said that the cloud upon the title to regularity under which the committee is suffering was merely technical.

Col. Tom Taylor is chairman of the committee. There are those who question his right to the office which became his about four years ago after a riotous meeting of the county committee during which Col. Taylor, Col. Anderson and some other gentlemen forcibly dragged Harry Truman from which chair he stood and after police quelled the trouble. Two county committees appeared where there had been but one before.

There wasn't much enthusiasm about the gathering, which was attended by 14 white men and two negroes, until Col. Anderson, in stentorian tones that would have made the welkin ring, there had been any such attachment to the basement room in the courthouse where political meetings are held, announced that when he is elected governor he will fill every state office with a Republican.

That the committee, who had been shivering with apprehension as Col. Anderson drew a sketch of the deplorable conditions into which the Democratic party has plunged the nation and the state, immediately rose and one man and cheered him to the echo, following the cheers with a unanimous vote of endorsement. John Q. Eaton and John W. Farley stroled into the room just before the meeting began. But Tom Taylor, as he rapped for order with a big jackknife, allowed that those not members of the committee were requested to retire. Farley and Eaton smiled blandly and left.

Later, a resolution offered by S. J. Murray was passed which directed the chairman to fill all vacancies in the committee, and endorsed whatever action he may take in the premises. Mr. Wright was elected in Farley's place on the spot, although he and Mr. Farley live in different wards. But Mr. Wright's vote was needed apparently to make up a quorum although no roll call was taken. The proceedings were solemn and impressive from that time on until Col. Anderson rehearsed his campaign speech. Harry Spears read a long resolution, calling a county convention and providing for the election of a committee. He thought Feb. 14 a good date for the convention. John Q. Eaton, a negro leader, whose name appears as an executive committee member on the official documents of Shilady's society, arose and said he had to be in Chicago to attend an important meeting on that date and as we all are working in harmony we would like a later date. Col. Anderson conferred with church, and then proposed Feb. 21 as the date—and it was so ordered.

The resolutions provide for ward primaries, four delegates to be sent to each ward, but if only four Republicans notify the secretary that they will be candidates, then no ward meeting will be held and the names of the four patriotic volunteers will be certified to the convention by the secretary. Whereby it may be seen, being wise in their generation, the Taylor committee shuts off any chance that their convention may be captured by the committee, of which Pete J. Daurine is chairman, and John Farley secretary.

Henry Carr, after these proceedings, moved that the committee endorse Harry B. Anderson for governor. Mr. King in an impassioned speech seconded the motion.

Baldness Conquered

A veteran business man, who was almost completely bald and had tried tonics, balms, ointments, and hair restorers, in vain, came across an "Indian's" elixir by which he grew a complete crop of healthy hair. He now possesses "KOTAKO." The hair elixir is called "KOTAKO." Others men and women have reported remarkable aid to hair growth, relief from dandruff, cessation of falling hair by using Kotako.

When Bald Growth, relief from dandruff, cessation of falling hair by using Kotako. The hair elixir is called "KOTAKO." Others men and women have reported remarkable aid to hair growth, relief from dandruff, cessation of falling hair by using Kotako.

Wonderful results reported. For men's, women's and children's hair. If you are bald, or losing hair, or have dandruff, you should try KOTAKO. It may be what is needed for your scalp, and in such case it is a glass-ure to observe the starting. Hair grows of new hair and its steady increase until perfect growth. You may obtain a full box of genuine Kotako at any drug store. Or a proof box will be mailed if you send 10 cents, silver or stamps to John Hart Brittain, Station F, New York, N. Y.

Trust Your Complexion To Cuticura

The majority of skin and scalp troubles might be prevented by using Cuticura Soap exclusively for all toilet purposes. On the slightest signs of redness, roughness, pimples or dandruff, apply a little Cuticura Ointment. Do not fail to include the excruciatingly itchy Cuticura Talcum in your toilet preparations. Use everywhere.

Sample Each Free by Mail. Address: "Cuticura, Salisbury, Dept. of Cuticura, 1111 N. 1st St., where 25c Cuticura Soap and 10c Cuticura Talcum are sold." Cuticura Soap shaves without nicks.

How Signs Of Old Age Creep Into Your System When The Iron In Your Blood Runs Low

For Want of Iron, You May Be Old At Thirty—Nervous, Irritable and All Run-Down—While at Fifty or Sixty, With Plenty of Iron in Your Blood, You May Be Young in Feeling and Brimming Over With Vim and Energy

IRON IS THE RED BLOOD FOOD

That Helps Strengthen the Nerves, Restores Wasted Tissue and Aids in Giving Renewed Force and Power to the Body. Physicians Explain Why Administration of Simple Nuxated Iron Often Increases the Strength and Endurance of Delicate, Run-Down People in Two Weeks' Time.

Old age has already sunk its talons into thousands of men and women who ought still to be enjoying the springtime and summer of life simply because they have allowed worry, overwork, nervous strain, dissipation and occupational poisons to sap the iron from their blood and thereby destroy its power to change food into living tissue, muscle and brain. You will find plenty of people at 40 who are broken in health and steadily going downward to physical and mental decay while others at 50 are strong, active, alert and seemingly growing younger every year. One class withers and dies like leaves in autumn, while the other by keeping up a strong power of resistance against disease may pass the three score and ten mark with surprising health, strength and vigor. But you cannot expect to look and feel young and vigorous unless you have plenty of iron in your blood, and physicians explain below why they prescribe organic iron—Nuxated Iron—to supply the iron deficiency in the weak, nervous and run-down so as to build them up into stronger, healthier men and women.

Many a man and woman who ought still to be young is feeling as being old time vim and energy that makes life

worth living simply because their blood is starving for want of iron, says Dr. James E. Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Western Dispensary Hospital.

"Thousands are ageing and breaking down at a time when they should be enjoying perfect health because anemias—lack of iron in the blood—has fastened its grip on them and is sapping their vitality and energy. But in my opinion you can't make strong, keen, forceful men and healthy, contented women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be taken on and assimilated by the human system. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—on the package. If you have taken preparations such as Nux and iron and other similar iron products and failed to get results, remember that such products are an entirely different thing from Nuxated Iron."

Dr. George H. Baker, formerly Physician and Surgeon, Missouri, at the Hospital of New Jersey, says: "From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results."

MAX EXTRACTS NUT: Nuxated Iron which has been used by Dr. Sullivan and other physicians with such surprising results is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older metallic iron products, it is easily assimilated and does not irritate the stomach. It has been successful and I believe it will be successful in getting the iron into the blood and making it available for the body's use. It is the only iron preparation that is as good as the best. Come up to the top of the mountain. C. C. WINFREY.
